

Yearbook Layout

2013 KSPA STATE CONTEST

Assignment

Your editor has asked you to create a layout about a decrease in funding for arts related activities this school year at Ad Astra. Using any of the photos provided (see download instructions below), design your spread to include a headline treatment, copy, captions and photo placement.

Entries should be computer-generated using your publisher's template (remember to remove your school name from the template before submitting the entry) and may be submitted in color, or in black and white.

The final design should be submitted on two 8.5- x 11-inch sheets of paper taped together or on a single 8.5- x 11-inch sheet, reduced to fit the page prior to printing.

Specifications

Photos should be cropped and enlarged or reduced to fit the design plan. You do not need to use all photos provided.

Both copy and captions should be submitted as dummy text. It may be a single line repeated, gibberish or other placeholder text. Be sure column widths are placed exactly how you want them.

Headlines (main and complementary, if used) should suggest the content of the design and should be designed in exactly the size, style and location you want.

Include printer's instructions, if necessary, in the instructions box at the bottom of the template.

Remember to delete your school's name from the printer's template prior to submitting the entry.
