

# Yearbook Layout

2014 KSPA Regional Contest

## Assignment

Your editor has asked you to create a layout about Sunflower High School students and their art classes. Using any of the photos provided (see download instructions below), design your spread to include a headline treatment, copy, captions and photo placement. There are more photos than you will need, so just select those that work for you.

Entries should be computer generated using your publisher's template (remember to remove your school name from the template before submitting the entry) and may be submitted in color, or in black and white.

The final design should be submitted on two 8.5- x 11-inch sheets of paper taped together or on a single 8.5- x 11-inch sheet, reduced to fit the page prior to printing.

Any additional graphics used on the layout (beyond the photos provided by the KSPA) must be the original work of the student. Students may **not** use copyrighted or non-copyrighted art or other graphics taken from the Internet or other non-original sources.

## Specifications

Photos should be cropped and enlarged or reduced to fit the design plan. You do not have to use all photos provided. Both copy and captions should be submitted as dummy text. It may be a single line repeated, gibberish or other placeholder text. Be sure column widths are placed exactly how you want them.

Headlines (main and secondary, if used) should suggest the content of the design and should be designed in exactly the size, style and location you want. Include printer's instructions, if necessary, in the instructions box at the bottom of the template.

Remember to delete your school's name from the printer's template prior to submitting the entry.
